ERC Grant application in Horizon 2020

Technical University of Munich
TUM ForTe | Nadja Loch
27 June 2018 | Vorhoelzer Forum

Agenda

27 June 2018 | Vorhoelzer Forum

8:30 | Registration

9:00 | Welcome & overview of ERC Grant application
   Nadja Loch, TUM ForTe - European and international research support

10:30 | Insights from an former ERC panel member
   Prof. Dr. Miranda Schreurs

11:15 | Practical information on financial matters
   Svenja Harter, ZA 3 - Finances

12:00 | Light lunch

13:00 | Practical information on intellectual property (IP)
   Elke Achhammer, TUM ForTe - Patents and Licenses

13:45 | Overview of possible legal questions
   N.N., ZA 5 - Legal Office

14:30 | Lessons learned as an ERC Grantee
   Prof. Dr. Frank Pollmann

15:30 | Closing remarks
Information

The European Research Council (ERC) is the first pan-European funding body supporting the best frontier research in Europe. It aims to provide attractive, long-term funding to excellent scientists and their research teams to pursue ground-breaking, high-risk/high-gain research in any field. Excellence is the sole criterion for selection; there are neither thematic priorities, nor geographical quotas for funding. The workshop will focus on:

- **ERC Starting Grants** for early-career researchers to develop their career and establish their own team (PhD + in principle 2-7 years’ experience)
- **ERC Consolidator Grants** for researchers to consolidate their own research team or programme (PhD + in principle 7-12 years’ experience)
- **ERC Advanced Grants** for well-established researchers to develop a new and outstanding project (10-year excellent scientific track record)

The ERC publishes calls once a year. The next deadline is on 30 August 2018 for the ERC Advanced Grants (2018 call). The deadlines for the 2019 call are on 17 October 2018 for the ERC Starting Grants, on 7 February 2019 for the ERC Consolidator Grants and on 29 August 2019 for the ERC Advanced Grants.

The “ERC Grant application in Horizon 2020” workshop offers general information on various aspects of the ERC Grant application process. It aims to give an understanding of the requirements of ERC Grants, such as legal, financial and scientific aspects. The workshop is aimed at everyone interested in submitting a proposal for an ERC Starting, Consolidator or Advanced Grant within Horizon 2020.

Registration

Please register via the following link: [https://wiki.tum.de/display/euf/ERC+Grant+Application+in+Horizon+2020](https://wiki.tum.de/display/euf/ERC+Grant+Application+in+Horizon+2020)

Please note that the number of participants is limited and availability cannot be guaranteed. We therefore recommend early registration.
